Visible features in the vicinity of boundaries as shown on this survey, may not represent the extent of legally conveyed ownership. Whilst every effort has been made to achieve accuracy on this plan, CRUIAL, clearance dimensions, levels & invert levels should be checked prior to design & construction. The accuracy of the utilities and services are subject to relevant tolerances for work of this type. Care should be taken when working in areas were indicated. Some services are difficult to locate and this survey may not be totally comprehensive. Although this is a digital survey the accuracy is only commensurate with the graphical scale of mapping as specified - care should be exercised on screen if working to larger scales. BT, COM & DC covers not lifted due to delicate nature of contained copies.

Title: Example Sheet Layout
Topographic Survey
Sheet 3 of 5

Drawing No:	6357-3	Original Drawing Size:	A0
Rev:			
File No:	IS/1105/6357/WC8		
Drawing Status:	Design	Tender	Contract
Levels:	Levels Relative to ODSM on		
Grid:	Ordnance Survey National Grid		
Client:	St. Mary Le Woford Church		
Scale:	1:200@A0	Date:	21/12/05
Prepared by:	SH	Checked by:	
Traced by:		Approved by:	
Surveyors:	SH & LP
